

Stack and Hang Bins

Features:

1. Made of high strength polypropylene with reinforced structure.
2. Bins can be interlocked side by side.
3. Stackable with riser rods or hangable on the louvered panel.
4. Compatible with wire shelving and racking system.

Stack and hang bins are versatile storage solutions designed for efficient organization and management of small parts, tools, and supplies in various settings such as warehouses, workshops, retail stores, and even homes. These plastic stack and hang bins offer a convenient way to store items while keeping them easily accessible and well-organized.

Hang on the panel

Connected side by side

Stack by riser rods
